All past parking stickers must be removed from the vehicle windshield when adding the new stickers.

The parking sticker must be placed in the inside of the vehicle on the windshield in the lower right hand corner.

I have been advised where I can park while on shift at the Colorado Convention Center.

The parking sticker is for parking while working for SMG at the CCC. If not working on site for SMG I must check in with security and request permission to park on site. (Parking is limited)

I also understand parking is not guaranteed and that at times parking may be restricted for certain situations and that during those occasions I will be required to park in other locations or off property.
